Our purpose is to promote growth for our members through group interaction and building relationships which lead to sharing qualified referrals/leads. Serving businesses of north Georgia & western North Carolina, our business professionals meet weekly to learn about each other's business. We do so to be prepared to provide their clients, family, friends, and business associates with referrals to Local Trusted Professionals who are able to provide needed products or services.

MNRG is a "closed group" meaning we only allow one member for each business category to join the group. That means no competition from within the group for referrals. It also means you are getting referrals your competition never sees. *Join now....before they do!*
